COURT NEWS

Mr. G. U. Leisner Was Tried for Lunacy and Adjudged Insane.

WILL GO TO HOPKINSVILLE

One Conviction in the Circuit Court, John Foster Getting Two Years Today.

THE POLICE COURT PROCEEDINGS

Mr. G. U. Leisner, the well known grocer, was adjudged insane this morning in the circuit court. He will be taken to the Hopkinsville asylum tomorrow at noon by Messrs. Sam Evitts and Jessie Potter. Mr. Leisner passed a very bad night and could hardly be quieted for trial. He was told that he would be taken to the springs, that being the only way to get him to quietly accompany his guards.

Mr. Leisner, it will be remembered, first showed symptoms of derangement Monday morning as a result of a fine assessed against him in circuit court.

In the suit for debt cases against the Buckskin Bill, the defendants were given until the first day in the next civil term of court to file answers and not done by that time the cases will go to trial.

John Foster, colored, charged with maliciously cutting Wallace Strickland, colored, pleaded guilty and was given two years.

The case against Wm. Van Dyke, charged with stealing \$35 from Mrs. Catherine Burch, has been on trial all day.

The grand jury this morning reported several indictments for various offenses, but none of unusual importance. The grand jury will adjourn tomorrow, after having done a vast amount of work. It has been a remarkably good grand jury, taking a practical, common sense view of every case, and throwing those out and releasing the prisoners where the witnesses could not be found. Every ballot was unanimous, and there was never the least wrangling in the jury room.

The grand jury will not take any action in the impure meat case. It is still investigating the shooting of Albert Winfrey, however.

Frank Davis and John Farrell, charged with grand larceny, were released by the grand jury, the witness not appearing. While it will finish up tomorrow, it could find plenty to do for several days longer.

Henry Reed, colored, who cut Alice Williams, alias "Inky Dink," was given two years. The woman has also been convicted at this term and given two years for housebreaking.

Ernest Bradshaw, a colored boy charged with breaking into Judge Tully's stable, was given thirty days in jail. His brother, Ervin, was released.

The motion to transfer the case of F. G. Randolph, administrator of Pink Underwood, against the Illinois Central to the United States court, was overruled by Judge Berry.

DEATH AT MURRAY

Mr. W. P. Gatlin, the Ex-Banker, Succumbs to a Long Illness.

PROMINENT CALLOWAYMAN

He Had Resided In Kentucky for Many Years and Was Well Known in the State.

FUNERAL TOMORROW AT TEN O'CLOCK

A banking, and was at the head of the bank of Murray. His illness compelled him to retire from business a year ago. He was a man who had the confidence and respect of his associates and was liked by all who knew him.

In politics he was a gold standard Democrat, and although prominent in politics, had never held office.

The deceased was a member of the Knights Templar, Masons and other secret orders.

He was a cousin of the Messrs. Weeks, and Dr. R. E. Coleman, of the city.

The funeral will take place at 10 o'clock tomorrow morning at Murray, under burial under the auspices of the Masons, and it is probable that several from the city will attend.

MANAGER ENGLISH.

THE NEW YORK MIRROR COMPLIMENTS HIM THIS WEEK.

Mr. William P. Gatlin, the ex-banker of Murray, Caloway county, died this morning about 8 o'clock at his home in Murray, after a long illness, removing one of Southwest Kentucky's best known and most prominent men.

Mr. Gatlin suffered a stroke of paralysis about a year ago from which he never recovered, having a second stroke about a month ago. For the past several days death had been expected at any time.

Mr. Gatlin was born at Iron Mountain, Tennessee, June 6, 1859, and was the son of Mr. Geo. W. Gatlin, who distinguished himself as captain of a company in the Fifty-fifth Tennessee during the Civil war.

He was one of seven children, and early in life moved to Kentucky. He began life as clerk in a retail store, and in 1879, seven and a half months afterwards, entered business for himself at Murray. By his energy, industry and business sagacity he built up a lucrative business, and became a prominent citizen of the town, and quite a power in Democratic politics.

He was married in 1883 to Miss Effie Oury, of Murray, and there were born to them a son and daughter, who with their mother, are left to mourn his death.

A picture of Mr. Mack accompanies that of Mr. English.

Mr. Mack, it may also be of interest to know, was after the La Belle

A DAILY THOUGHT.

To prize health contagious happiness, wealth as potential service, reputation as latent influence, learning for the light it can shed, power for the help it can give, station for the good it can do.—William DeWitt Hyde.

The strike trouble in Pennsylvania according to late reports is about to be settled. The disagreement, it is said, started over a year ago, and was caused by the organization of a new union in one of the plants, resulting in some of the men violating an agreement to work for one year as nonunion men. The man who organized the men and was elected president of the union, was discharged, and this brought on the trouble. A Pittsburg dispatch in explaining the causes which led to the threatened strike, says:

"The McKeesport trouble is the first visible eruption of a condition that has been developing for over a year, beginning with the formation of the American Sheet Steel company. The individual companies that were absorbed had no uniform plan of treating the workers. These in the association of Sheet Steel Manufacturers employed and recognized union labor. Those outside were non-union. The combine took in all. When it came to a settlement of a scale last year the Amalgamated Association demanded that their scale be signed for all mills. This the company refused, claiming that in some mills the nonunion men were getting more than scale rates, and that it would be unfair to cut them down to that of organized labor. In the meantime, or on May 18, the non-union men signed an agreement not to organize during the year, and providing that the wages that then ruled should continue during the year. The scale controversy, however, continued, and finally ended in an agreement that the scale apply only to the union mills. Since then the organization has been devoting its energies toward getting the sheet mill workers in the other nonunion mills organized, and for that purpose has considered the matter of throwing the mills "open." Mills that are "open" are those in which organized men are permitted to work with nonunion men for the purpose of propagating the seeds of unionism. The formation of the United States Steel Corporation tended to complicate matters. It included a number of concerns, nonunion and organized, making manifold the difficulties of the labor leaders."

There is a rapid growth in the American churches. Last year there was in the United States alone a gain of 214,846 communicants. During the past ten years there has been a gain of 7,000,000 in all the churches, and during the century, there has been a gain of from 2,651 ministers, 3,030 churches, and 364,872 communicants to 154,228 ministers, 191,348 churches, and 27,422,025 communicants.

Li Hung Chang does not consider the evidence of Christians sufficient to condemn a Chinaman, but it seems that there are a number of things the wily Old Li is about to find out, one of which is that he has fooled the Hillman heirs.

Christians once too often. The town cow is already beginning to have her innings.

England is to borrow \$300,000,000 to cover expenses and deficit from the Boer war, which has greatly reduced her resources. The revenue from beer has fallen off £4,000,000 in the past year, which is attributed to the fact that many of the beer drinkers are fighting Boers in South Africa instead of Boozes in England. The loan will be in consols.

KILLING IN MARSHALL.

THE CAUSE OF THE DIFFICULTY CANNOT BE DEFINED.

Benton, April 19.—Abe Caldwell, colored, was shot and killed at Birmingham, this county, by John Whitfield.

There seems to be, at present, a division of opinions as to the shot—some claiming that it was accidental, the negro who did the shooting claiming that he did not know the gun was loaded, and was playing with it when it was accidentally discharged; but it is generally believed that a row was on as the result of a game; the cards were promiscuously scattered over the ground, and a nephew of the wounded man attempted to shoot the field negro after he died the deed.

Whitfield escaped but was pursued by the city marshal of Birmingham and captured just below Benton on the Benton and Paducah road, having walked from Birmingham. He was taken back to that city and returned home Tuesday where he was locked up.

BACK TO CHESTER.

JOHN LEMLEY, THE AGED CONVICT, MUST RETURN TO THE PENITENTIARY.

John Lemley, the aged ex-saloon keeper of Brookport, Ill., who was convicted of killing Ben Ladd a few years ago, and who was released from the Chester penitentiary several months ago pending habeas corpus proceedings, must return to prison.

He has been enjoying his liberty in Metropolis and Brookport, happy in the expectation that on account of a technicality he would never have to go back. The supreme court a few days ago passed adversely on a similar case, however, and when the habeas corpus case was called in the Metropolis circuit court yesterday, it was decided Lemley would have to return to Chester.

It is more than probable, however, that he will secure a pardon. The sympathy of everybody seems to be with him.

The scene around the old man's home at Brookport since the unexpected news came that he would have to resume his sentence of life imprisonment, was as if death had invaded the house. Lemley has been a watchman at Margrove's mill since he returned, and the good wishes of everybody were offered as a balm to heal the wounds of adversity, inflicted on the unfortunate old citizen during the recent years of trouble and imprisonment.

Lemley himself, however, seems reconciled to his fate, and will today return to Chester to don his prison garb again.

HILLMAN LAND.

PORTION OF IT SOLD TO ST. LOUIS CAPITALISTS.

Cadiz, Ky., April 19.—Tenny Hillman, of Birmingham, Ala., and his sister, Mrs. Franklin, of Nashville, have each sold their one-seventh interest in the Daniel Hillman lands in Trigg and Lyon counties, embracing several thousand acres of mineral and timbered land. St. Louis capitalists were the purchasers, and the deal was made through S. N. Leonard, of Edaville.

It has been reported that White, Dixon & Co. had bought all the land belonging to the Hillman estate, but this is not true, and Mr. W. G. White, a member of the firm, says there have not even been any negotiations between his firm and the representatives of the Hillman heirs.

ELECTED FIRST VICE.

MR. WILL G. MFADDEN HONORED BY THE ASSOCIATION OF PHOTOGRAPHERS.

Mr. W. G. McFadden, the photographer, who has been in Nashville attending the first annual convention of Kentucky and Tennessee photographers, which ended yesterday, was elected first vice president of the association, a position he will no doubt fill with great credit to himself.

As an evidence of the esteem in which he is held, and of the appreciation of the valuable services he has rendered the association, he was presented with a fine gold-headed umbrella.

Mr. McFadden will return home Monday.

BONIFACIO CONVICTED.

HE AND HIS PARTNER WILL SOON BE TOGETHER AGAIN IN HAPPY REUNION.

Several weeks ago L. C. Bonifacio and W. F. Hard, two white men, were arrested for stealing a garment from a "dummy" at Mr. J. J. Donahue's, and selling it to a second hand dealer.

Bonifacio turned out to be wanted at Morganfield for breaking into Attorney H. Morton's residence, and day before yesterday was convicted and given two years.

Yesterday his partner, in the circuit court here, was given three years, hence the two crooks will shortly have a joyful reunion at Eddyville.

The couple became stranded on reaching this point."

Mr. W. H. Patterson, who was in Cobb's battery, does not remember such a man, and none of the Confederate veterans could be found who have any recollection of him.

HEART TROUBLE.

Mrs. Laura Daws, wife of Mr. John Daws, died last night at her home in Sharpe, Marshall county, from heart disease, after a month's illness. She was 30 years old, and leaves besides a husband, four small children. The remains were buried today at Bethel hem cemetery.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

STUART'S DYSPEPSIA TABLETS

GIVE PERFECT DIGESTION, SOUND SLEEP, STRONG NERVES.

A Popular Remedy for Dyspepsia Which Has Made Many Remarkable Cures.

The spring of the year is the time for blood purifiers. It is the season when we think we must dose ourselves with sarsaparillas, bitters and the endless list of so-called blood purifiers and nerve tonics.

As a matter of fact, there is but one possible way in which to purify the blood and that is, through the stomach and bowels.

Pure blood results from wholesome food thoroughly digested. Impure blood results from poor digestion and assimilation.

When the stomach refuses to work properly the food remains too long a time, fermenting, forming gases, shown by sour, bitter taste in the mouth, bloating and belching of gas, and distress and discomfort generally. Poor blood, weak nerves, sleeplessness and a general don't care feeling can always be traced to imperfect digestion.

This is the reason why Stuart's Dyspepsia Tablets are superior to all other spring medicines and blood purifiers. They give perfect digestion, the food does not lie in the stomach for hours. They give a vigorous appetite, sound sleep, strong nerves, and wholesome food well digested makes pure blood, and in no other way can the blood be purified. The idea that a medicine, in itself, will purify the blood, when the stomach and digestive organs are out of order is nonsense. Stuart's Dyspepsia Tablets are used by thousands in preference to "bitters," "after dinner pills" and "blood purifiers" because they remove the cause of the impure blood, and you do not have to take them forever to get results. Dyspepsia is an obstinate disease to cure and a remedy must be designed especially for it and nothing else. Cure-alls will not cure dyspepsia.

Stuart's Dyspepsia Tablets are not claimed to cure everything or anything except dyspepsia and stomach troubles and for that it stands alone among patient medicines. Any one suffering from any trouble with their digestion will find these tablets will give immediate relief and a permanent cure.

Stuart's Dyspepsia Tablets are prepared by the F. A. Stuart Co., of Marshall, Mich., and sold by druggists everywhere at 50 cents per package. No dieting nor change of habits is required, they digest the food.

Nearly every person needs a tonic medicine at this time of the year to brace up and invigorate the nervous system, to cleanse the bowels, liver and kidneys. HERBINE is the best and safest remedy to do this, as it will cure constipation, regulate the liver and enrich the blood. Price, 50 cents. DuBois, Kolb & Co.

Foley's Honey and Tar for children, safe, sure. No opiates.
